First Cruise 2010 Patonga Beach

Looks like a good turnout 20+ cars. Meeting at Chullora Once everyone has arrived we will be leaving around 9 am with our first stop at Thornleigh to pickup A couple of PT's meeting us here Then on to the F3 freeway heading north To the Gosford exit where just down the road at Kariong we will be meeting up with several more local PT's. Then its off to Patonga Driving through Woy woy and Umina. Located at the northern side of the Hawkesbury River South west of Woy woy Hopefully for those that like Patonga's(which means 'oyster' in the local native language) there maybe some available. Weather permitting BBQ will be available So bring some meat or you may prefer to sample some local takeaway or even perhaps a meal at the local club. For those adventorous the calm shallow waters are ideal for swimming or fishing.

2009 PTCDU NSW Christmas in Bargo

This year the annual PTCDU NSW Xmas get together was held at club and committee members Phil & Tony's house in Bargo. By 7.30 most of those going had arrived with several deciding to stay at a local motel for the night. Out of a possible 19 PT's 18 showed so a good result there. It was a great night. Some light showers didn't dampen the enthusiasm. Plenty of great food and music saw the party raging well into the night with a few dancers showing off their steps. By midnight most had gone home with only a few lasting another hour or so. And it is common knowledge that 2 *ahem* people made the short journey on foot back to the motel (2.6Ks according to Dennis K) in roughly 30 mins and pretty much a straightish line. Apparently they tried to sneak in without alerting the others but a nearby DUCK was guarding the entrance and let out a couple of welcoming QUACKS. Sorry no pics but it did happen..... Also that night it was also a special occasion for one member who celebrated a birthday. Best Wishes to Jan Knighton

Sunday 20th Dam Cruise

The morning after the Christmas Party someone decided that this would be a good idea to have an end of year cruise as well..... So with great enthusiasm and enjoyment those who stayed over in the Bargo motor in and a couple of new members Breakfast was put on before setting out to the local dams for morning tea and lunch. 7 cars made the trip including Mel & Linz in their inferno. With Phil leading the way first stop Nepean Dam a hurried look as we were all hungry so morning tea was had by some. With thoughts of lunch entering our minds it was time to head off to the Avon Dam. After a quick look a BBQ lunch was needed for the hungry explorers
